

TERRAFILLER

LYNDON ENGINEERING NEW ZEALAND

LYNDON PIVOT TRACK RUT FILLER

Lyndon Pivot Track Rut Filler makes quick, easy work of filling ruts that can stop your pivot system in its tracks.

Three point mount allows attachment to virtually any tractor. Adjust tooling on the machine for your specific operating needs.

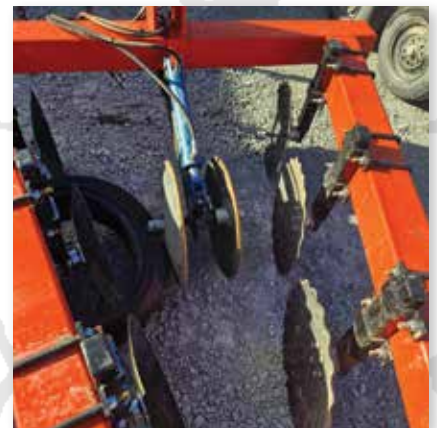

FEATURES

- 🔧 Heavy duty three bar frame includes three point hitch compatible with Cat. II or Cat. III hitches
- 🔧 Front guide discs keep tool aligned on pivot track path
- 🔧 Heavy disc gangs mount independently to the frame. Blades may be adjusted laterally along the tool bar. Each disc is equipped with 1-1/8" arbor bolt and two sealed bearings per housing
- 🔧 Rear 28" crumbler basket firms and levels the soil placed into the rut
- 🔧 Double pressure tyne springs supply downward force to break clods and smooth the surface with the rear crumbler
- 🔧 Finish with running tractor tyres over the re-built soil mounds for compression
- 🔧 Towable with 90hp + tractor
